resume

Education

2005 to date | MAS in Architecture, Specialization in Computer Aided Architectural Design, Swiss Federal Institute of Technology (ETH) Zurich.
1994-1998 | Royal Academy of Arts, Department of Architectural design, The Hague, Netherlands, Degree: Interior Architect.
1990-1994 | Advanced school for graphic design, Utrecht, Netherlands.
1988-1990 | High school for graphic education, level C, Utrecht, Netherlands.

Working experience

2004 - to date | MCBC Consultant, Dietikon, Switzerland,
European Space programme (ESA-ASI), Inflatable Habitat Study
Activities in the field of (aerospace-) architecture and design
2004 | CAPS, Zürich, Switzerland
De Beers, London, office and detail planning; De Beers, store concept; Esprit, 3D CAD presentation, detail planning, Umdasch, exhibition stand
2004 | Activities in the field of (aerospace-) architecture and design
2003-2004 | Ms. Simmendinger, dipl.Arch.ETH, Zürich, Switzerland,
Renovation Tessiner Rustico: Concept, Detail planning
2003 | Activities in the field of (aerospace-) architecture and design
2002 | Tezuka Architecture, Tokyo, Japan
Condominium: Concept development, Model 1:100 and 1:20
Private residence: Light study, Model M. 1:20
2001 | Vehovar & Jauslin Architektur, Zürich, Switzerland
Competition Stadtbahn, Zug
Competition Christmas lights, 1. Preis. Further development: concept, Model 1:20, 3D Animation
Project "Ada", Swiss Expo: Interior Planning, Model 1:20, 3D Animation
1990-2000 | Padrun & Estéves Architektur, Guarda, Switzerland
Holiday apartment "Shasa 74": Concept Studio, Detail study
Factory extension in Fulda (D): Concept development
Oosterhuisassociates, Rotterdam, Netherlands
1997 | Competition Dutch Aluminium-Center, 3D Animation
Publication Oosterhuis Associates: Book concept and DTP

Lecture | Presentations

2004 | Mobility between heaven and earth, presented at Transportable Environments III Conference, Ryerson University, April 28-30, Toronto, Canada
2003 | An Interior Design Concept For An Inflatable Workstation, presented at the 2nd European Workshop on Inflatable Space Structures, June 21-23, Tivoli, Italy
Semi Rigid Inflatable Mobile - An Interior Design Concept, presented at the American Institute of Astronautics and Aeronautics (AIAA) Conference, September 23-25, 2003, Long Beach, California

Mobility between heaven and earth, Transportable Environments 3, Taylor & Francis, London
Semi Rigid Inflatable Mobile, article about colour in aerospace architecture, pp. 48/51, Arquitectura e Vida, Lisbon
Semi Rigid Inflatable Mobile - An Interior Design Concept, Published by American Institute of Astronautics and Aeronautics (AIAA), Paper number AIAA-2003-6283
Transporting Space-A Concept Design for a Planetary Mobile Workstation, M.E. Versteeg and S. L. Veldman, Delft University of Technology. SAE International, Engineering Society for Advancing Mobility Land Sea Air and Space, Paper number 2003-01-2391
Cliff House CH, Prefab, Loftpublications, pp. 30/31, Loft Publications, Spain
Cliff House CH, Bauen mit System, Kohlhammer, pp. 30/31, Kohlhammer, Germany
Living on the Edge, Cliff House CH, Architektur Aktuell, Mai, pp. 14, Austria
In bilico sulle vette, Cliff House CH, Casa Vogue, Nr6, April, Nr. 608, pp.70, Italy
Tegen de Klippen, Cliff House CH, AD Magazine, March 2001, pp.8, the Netherlands
Summit Meeting, Cliff House CH, Wallpaper, jan/feb 2001, pp.58, Great Britain
Der TransHuman ist ein GlobalHuman, TransHuman, Department of Architecture, ETH Zürich, no. 6, pp.166-167, Switzerland
